To the Communications Director of WSSA,

We would like to post this job ad (below) on your website. Please let us know if you have any questions.

The Department of Anthropology with the Departments of Applied Indigenous Studies and Sociology at Northern Arizona University invite applications for three tenure-track positions at the Assistant Professor level to start August 2022. One position is in Archaeology (Job ID: 605844), one position is a combined position in Anthropology and Applied Indigenous Studies (Job ID: 605845) and one position is a combined position in Anthropology and Sociology (Job ID: 605846). In order to meet our commitments as an institution committed to the advancement and success of Native American students and a Hispanic Serving Institution, as well as to support efforts promoting justice, equity, diversity and inclusion, NAU will be making a cluster hire this year across several disciplines. Broadly, this cluster is in the areas of Latinx Studies and/or Indigenous Studies. Departments participating include Comparative Cultural Studies, Music, Anthropology, Applied Indigenous Studies, Criminology and Criminal Justice, Sociology, Women and Gender Studies, and Psychological Sciences. We particularly invite applications from individuals who prioritize the diversification of the discipline through their teaching, research, and background and who can provide mentoring and training that prepares students for a more socially conscious approach to Anthropology. We also welcome applications from scholars who are from populations historically underrepresented in the academy, and/or who have experience working with diverse populations. <https://in.nau.edu/human-resources/current-job-openings/>
